BENVINGUT
WELCOME
TO ESCI-UPF
INTRODUCTION

We are grateful that you have selected our institution to go on exchange. A young, urban, dynamic and cosmopolitan university that attracts international students each year who, like you, come from all over the world.

This handout aims to make your exchange experience easier and help you plan your successful exchange experience at ESCI-UPF and Barcelona. From the moment of starting to prepare everything until you come back to your home university, these pages will provide you with an answer to your main concerns.

Please read the handout carefully.

WE ARE WAITING FOR YOU IN BARCELONA!
ESCUpF was created in 1993 after an initiative from the Catalan government and Universitat Pompeu Fabra in order to train professional experts, with particular expertise in international business. This ambitious project found immediate support from institutions such as the Chamber of Commerce, the Catalan Council of Chambers of Commerce as well as several Catalan companies that have an important international activity.

Currently, ESCI-UPF offers the Bachelor’s degree in International Business and Marketing, the Bachelor in Bioinformatics, the Official Master in International Business (jointly program with the BSMI), Master in International Trade, Master in International Retail and Master in International Digital Marketing.

Additionally, ESCI-UPF offers the International Business Program (jointly program with the UPF-Study Abroad Program). The subjects belonging to this program are aimed at undergraduate students with a major or a minor in business that wish to acquire an international perspective and a better understanding of the successful management practices needed to compete in the global economy. Furthermore, the program is designed to offer students insight into international business from a multicultural perspective as well as to improve their professional competences.
If you are an exchange student (Erasmus or Bilateral Agreement) once your university has sent us your nomination, you’ll receive an e-mail with all necessary information to register at ESCI-UPF. The registration consists in filling in and sending an online form, which may requiring uploading the following documents:

- A copy of the passport valid for the period of stay (A)
- A passport size photograph (JPG format) (B)
- A detailed curriculum vitae (C)
- An original updated transcript from the university of origin (accompanied by a document from that university explaining the used marking scale), translated and diplomatically legalized if applies (D)

After your nomination by your home university, ESCI-UPF will send you more information, including the welcome programme and information about the process of registration to the courses.
EU STUDENTS

Students from a European Union member state (Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Sweden or United Kingdom), or Liechtenstein, Iceland, Norway and Switzerland, you are entitled to free movement and residence in Spain.

However, all EU citizens residing in Spain for a period exceeding three months must apply for registration in the Central Registry of Foreigners. This registration leads to a certificate of registration being issued and includes a NIE number.

Students must apply for this document directly at the police station:

A) Barcelona residents

At the Police Station
Rambla Guipúzcoa, 34
Barcelona

By appointment, arranged on the website. Please fill in the online form to get an appointment:

http://extranjeros.empleo.gob.es/ino/index.aspx

For further information, please check the Ministry of Interior’s website:

http://extranjeros.empleo.gob.es/ino/index.aspx

B) Foreign citizens residing in towns other than Barcelona.

Should apply in person to the Police Station of your city, without prior appointment.

Which documents are needed?

- Application form (EX38.pdf)
- Passport or identity card (original and copy)
- Registration at ESCI-UFP (original and copy)
- European Health Insurance Card or private insurance policy (original and copy)
- Statement of Financial Resources that students have sufficient economic funds during their stay in Spain (example)
- Participation in study exchange programs of the European Union is accreditation enough to justify economic funds.

NON-EU STUDENTS

Students from outside the European Union (EU), the EEA (Iceland, Liechtenstein and Norway) or Switzerland, in order to stay in Spain legally for more than 90 days, need to obtain a student residence authorization, which authorizes to remain in Spain for the duration of the course and to travel within the EU and the countries that have signed agreements with Spain or the EU for the free movement of people.

Steps to take to obtain your student residence authorization:

1. Before you arrive to Spain: Student Visa

Before arriving in Spain, students must obtain the student residence visa (visado de estancia por estudios) from the Spanish consulate in the student’s country of origin or legal residence. The different Spanish consulates may be found on:

websites of the Spanish Ministry of Foreign Affairs

To apply for a visa, the student will need an accreditation of acceptance from ESCI-UFP, among other documents. This acceptance letter will be sent after admission. In order to obtain the Student’s VISA it is extremely important to apply for a minimum of 20 ECTS per trimester and therefore be a full-time student.

It is very important that the visa is a student visa (type D). Any other type of visa doesn’t entitle the student to the subsequent processing of his/her Foreign Identity Card (TIE). It is also crucial that this visa covers the whole academic stay.

The student visa is only valid for study at the university where the student has applied for admission, and for the period of time specified in the acceptance letter. This means that if a student chooses to study at a different educational institution after obtaining the visa, he/she should contact the Spanish embassy or consulate in the student’s country of residence to make sure of the needed steps to take before travelling to Spain.
All students at ESCI-UPF must have health care insurance.

If you are a citizen of Spain, you must have medical coverage that is valid in Barcelona (whether Social Security coverage, a private health insurance policy, etc.).

If you are a citizen of a Member State of the European Union, the European Economic Area or Switzerland and entitled to coverage under the social security system of your country, then you can apply to the European Health Insurance Card (EHIC), which can be obtained from the public health authorities of your home country. While the European Health Insurance Card gives EU citizens access to medically necessary, state-provided healthcare during a temporary stay in Spain, the EHIC is not an alternative to travel insurance. It does cover neither accidents nor any private healthcare or costs such as a return flight to your home country or lost/stolen property. Moreover, the EHIC does not cover your costs if you are traveling for the express purpose of obtaining medical treatment.

If you are a citizen of a country outside the European Economic Area or Switzerland, then you must find out whether there exists a mutual health provision agreement between the Social Security system of your country and Spain (this is the case of a number of Latin American countries). If such an agreement exists, you can obtain a document from the relevant authorities in your country entitling you to free medical coverage in Spain.

If you do not fall into any of the above categories or cannot give proof of the document issued by the relevant national authority of your country, then prior to departure, you must take out private medical insurance to cover the whole stay at ESCI-UPF. All international students, including Erasmus, are required to have full coverage of eventual risks during their stay in Spain and ESCI-UPF will check that at least an Accidents and Travel Insurance (Univer Incoming Basic) has been contracted to complement the EHIC. These are the minimum ESCI-UPF requisites. Besides, we recommend considering other benefits packages offered to UPF students at a special price by GRUP BATLLE.

B) Foreign citizens residing in towns other than Barcelona.

Should apply in person to the Police Station in the town where you live, with no need for an appointment. Which documents are needed?

- Application form (original and copy).
- Original passport and photocopy, including visa (student type) and EU entry stamp. In case there is no EU entry-date stamp, photocopy of flight ticket.
- Acceptance letter (either in Spanish or Catalan) as student or researcher at UPF, provided by ESCI-UPF.
- Enrolment certificate for the current academic year, specifying that attendance to classes is mandatory and the length and dates of the studies (minimum of six months). Provided by ESCI-UPF.
- Certificate of census Registration in Spain (padró o empadronamiento). This document is the Official Register of people who live in Spain, containing their corresponding address, and every resident, either Spanish or foreigner, of a municipal area must register on it. Please check Barcelona City Council’s website to learn more about it (website in Catalan).

These documents must be handed in by the student/researcher within the first month after arrival in Barcelona or the Schengen Area at:

POLICE STATION
“SANT MARTÍ”
Rambles Guipúscoa, 74
08020-Barcelona

OFFICE HOURS
Monday to Friday
From 9.00h to 14.00h

NOTE: The student is required to pay some taxes for this administrative process. The same day you bring your documents to the Police station, you will be given the taxes payment form so you can pay the taxes. You will need to bring the form with you to pick up your definitive TIE.
Don't forget to get a medical insurance

Barcelona has a wide range of health centers and hospitals. The public health system provides free universal access, while ensuring good quality care levels.

Centros de Atención Primaria - CAP (Primary Care Centers)
This is the first place you should go when you have a health problem. They offer health and social care. You must be a TSE cardholder in order to access to their services for free. Barcelona has a comprehensive network of CAPs. To find the CAP closer to your place of residence you can visit:

CATSALUT WEBSITE
http://catsalut.gencat.cat/ca/centres-sanitaris/

Public Hospitals
You should go to a Hospital only in case of an emergency. If you face a common health problem you should go first to your nearest CAP. If the CAP health staff considers that it is necessary they will refer you to the Hospital. To access to their services for free, it is also necessary to be a EHIC cardholder.

In Barcelona, there are also private hospitals and clinics. If you have acquired private health insurance, check the documentation to find out which health centers or hospitals you are assigned to.

For more information about the medical and health care see Health and Care website

In case of emergency, you should call the emergency phone number 112.

Book your accommodation in Barcelona

This is the accommodation service offered by all universities in the area of Barcelona. It offers, with quality, safety and hygiene assurance, flats and rooms in Barcelona, in-home stays, residence halls, etc. This housing service allows you to search its database and make reservations online for free, can assist you in different languages (Catalan, Spanish, English, French and Italian) and rounds off its services with free legal advice on rental contracts. It also provides short-term rental contract service. In addition, its honoraria are much lower than average. For more information and on-line registration, please contact: BCU (Barcelona Centre Universitari).

STUDENT RESIDENCES

This is a good option because in addition to housing, they also offer a series of services allowing students to focus on academics and university life.

UPF Residence Halls

The university has two student residence halls close to the Ciutadella and Mar Campuses. Students staying the entire academic year have preference. If you are staying less than 9 months, we recommend you look into other options.

Residence halls with different types of housing

UPF also has agreements with other residence halls that offer students advantages. Among these you will find large residence halls with different types of housing, as well as smaller residence halls where you will feel like family.

### HOUSING ANYWHERE

Housing Anywhere is an accommodation platform where UPF students may sublet their accommodation in Barcelona and exchange students who come to UPF may find a place to live during their stay in Barcelona. It is a student-to-student platform where short-length accommodation’s supply and demand meet.

This webpage has restricted access to students coming from universities participating in the platform. In order to access, you should introduce your home university e-mail.

### HOTELS & HOSTELS

If you intend to look for accommodation on arrival in Barcelona, you should reserve a hotel or hostel room well in advance. Finding a room can prove very difficult if you have not made an advance booking. You will find lists of hotels, hostels and youth hostels in Barcelona on the following webpages.

what is a Teaching Plan?
The teaching plan is the document that includes all the relevant academic information for each subject. It includes the following items:

- How many examination sessions are there per subject?
  - All students have one examination session per enrolled subject at the end of the term in which the subject has been taught. For those students who do not pass a subject, it is possible to retake the final exam (conditions may apply on the different subjects).

- How long does a degree take at ESCI-UPF?
  - ESCI-UPF, along with Universitat Pompeu Fabra, has been one of the pioneer institutions in the implementation of the Bologna process in Spain. In Spain, the fully adapted to Bologna undergraduate programs, grados, take 3 or 4 academic years.

- How long does each subject take at ESCI-UPF?
  - ESCI-UPF has trimester-long subjects. Therefore, all subjects are structured along 10 weeks of classes. Final exams are scheduled at the end of each trimester. This system facilitates the continual learning process and a more effective evaluation of the knowledge acquired.

- How is the academic year structured at ESCI-UPF?
  - The academic year at ESCI-UPF is structured around three trimesters. The academic year begins in late September and lasts until June, with three vacation periods: Christmas, from late December to early January; Easter, between late March and mid-April, and the summer vacation period.
  - The first trimester runs from mid September until mid December. The second trimester runs from early January until mid March. The third trimester runs from mid March until mid June. The updated academic calendar may be found within the Section “Academic Calendar”.

- How does the ECTS credit system work?
  - All degrees adapted to Bologna use credits based on the European Credit Transfer System (ECTS) as academic work load units. ECTS corresponds to 25 hours of work from the student.

- How many contact and teaching hours do subjects have?
  - The Bachelor’s Degree in International Business and Marketing combines plenary sessions and seminar sessions. The Bachelor Degree in Bioinformatics is delivered through masterclasses, computing classes and lab work. There are also seminars and individual and group tutorials.

- The different updated Teaching plans may be found in the Intranet.
CHECK THE COURSES, TIMETABLES AND LANGUAGE

You can check the available academic offer (including the language of instruction of each course) at ESCI-UPF website and in the Course Catalog that you will receive with the application information.

ENROL

You will receive the self-enrolment instructions once we have received your nomination by your home university, depending on the trimester in which you will start your stay at ESCI-UPF. Please bear in mind the following enrolment deadlines:

**FIRST TERM**
- Application & Registration: May 2nd - July 1st
- Course selection & Enrolment: May 16th - July 1st

**SECOND TERM**
- Application & Registration: September 1st - October 15th
- Course selection & Enrolment: September 15th - October 15th

**THIRD TERM**
- Application & Registration: December 1st - January 30th
- Course selection & Enrolment: December 15th - January 30th

IMPORTANT
Enrolment is processed on a first-come, first-served basis.
Bear in mind that some subjects are highly demanded, therefore it is recommended to have alternative options.

Regarding the subjects you may be taking, the recommended workload (as a guideline) is 20 ECTS per term. You should get in touch with your home university’s coordinator to find out which and how many subjects you should take while you are at ESCI-UPF.
The Bachelor’s degree in International Business and Marketing is a four-year university program. It prepares students for international business management and develops the knowledge, techniques, skills and attitudes that shape the international business and marketing culture, a culture which requires professionals to have multi-disciplinary knowledge ranging from an understanding of management and business techniques, finance, humanistic and institutional knowledge, as well as languages which are one of the key elements of business and international marketing. The program includes a full-time compulsory internship period in international companies.

The Bachelor’s degree in Bioinformatics brings together mathematical skills, computer modelling and biological knowledge with an interdisciplinary focus, with particular emphasis on biomedical applications. It provides comprehensive education and training based on knowledge, values and skills.

This Master’s program provides the tools and knowledge necessary to incorporate the Internet into the analysis and decision-making within the field of marketing and international business.

The Master in International Trade offers a complete theoretical and practical training required by administrative-commercial technical staff to be able to carry out their job in supporting managerial/commercial activities in the international trade department of a company. The main objectives are on one side, to train experts in international trade and on the other, to provide the key aspects of the process of opening to the outside of the company.

The Official Master in International Business presents a unique opportunity for people with diverse backgrounds to obtain a specialization in international business. This degree focuses on the key skills, techniques, and behaviours critical to understanding and succeeding in today’s global business environment. Offered jointly by Escola Superior de Comerç Internacional and Barcelona School of Management, the objective of the Official MIB is to provide executive training on international managerial capabilities, whilst fostering the ability to coordinate teams with different cultural backgrounds, communication and international negotiation skills.

The International Business Program is jointly offered by the ESCI-UPF International Business School and the UPF Education Abroad Program. The program is aimed at undergraduate students with a major or minor in business who wish to acquire an international perspective and a better understanding of the successful management practices needed to compete in the global economy. The program is moreover designed to offer students insight into international business from a multicultural perspective and to improve their professional qualifications.
The Spanish Program offers a range of 30-hour Spanish language courses from CEFR levels A1 to C2. These courses can also be studied in conjunction with other types of courses within the program related to Spanish history, culture, business etc. and specialized writing and speaking courses.

The Spanish Program has four entry points throughout the year (September, October, January and April) plus an intensive summer program in July.

All of the Spanish language courses are highly communicative in nature and have a strong focus on acquiring and consolidating a sound knowledge of the language in the context of actively using Spanish in spoken and written forms.

Many of the cultural courses use the city of Barcelona as an active backdrop for learning about a wide variety of aspects relating to Spanish society.

On successful completion of any course, students are awarded a Pompeu Fabra University certificate.

Full details of the program and courses are available on our website at the following link.

Orientation session is our way to welcome you to ESCI-UPF and make you feel like home. Throughout this session, you will receive all the information and necessary documents for your ESCI-UPF stay, as well as your student card.

These days will be informed to students by email after their nomination by their home university.

THE LANGUAGE VOLUNTARIATE

Is an instrument for the linguistic and cultural integration of students and teachers from non-Catalan territories that study or teach at the University (whether in the framework of European programmes, or bilateral co-operation agreements, of the future only university district or of other cases). Its aim is that the necessary internationalisation of Catalan university generally and that of Universitat Pompeu Fabra particularly will not be an obstacle for a fully normalised usage of the language of the country.

The Language Office chiefly focuses on two different action areas:

- **VOLUNTARIAT LINGÜÍSTIC-LANGUAGE VOLUNTARIATE**
  - **VOLUNTARIA T LINGÜÍSTIC-L aNGU aGE VOLUNT aRIa TE**
  - **ESN (ERASMUS STUDENT NETWORK)**

**ESN BCN**

Is a non-lucrative students association based on the principles of ESN: apolitical, non-denominational, open and tolerant. They organize social and cultural integration activities and also have a Mentor Programme, in which they assign a local student to one or more exchange students who have asked for participating in the program, with the aim of making exchange students’ integration easier at ESCI-UPF.

A linguistic and cultural dynamisation programme, aiming at organising leisure and cultural activities to favour linguistic and social integration of the aforesaid students and teachers.

A support programme for non-Catalan speakers, aiming at promoting linguistic and cultural exchange with the students and teachers from outside the Catalan territories.

ESCI-UPF Computers and Printers

The computers are located in Sala de Lectura (Second Floor)

Sala de Lectura (Second Floor)

The Computer’s Room.

General access to these computers has a common user name and password: usauri/usauri.

If any international student brought his/her own laptop, it is possible to access to the Wi-Fi system "EDUROAM". Access to the system shall be done using the login and password. This login and password gives access to any EDUROAM Wi-Fi system.

Steps to Connect EDUROAM:

You will need to accept and install the required certificate. If necessary, find it at: https://cat.eduroam.org/

Click in "Usuario de eduroam: descarga tu instalador de eduroam”.

Select “ESCI”

Select your operating system. Install the control file and follow the installation steps.

If you need another Wi-Fi to access it, you may use “ESCI”, password “Aulaescri”.

There is a photocopy machine in the first floor.

IT WORKS WITH A PREPAYMENT CARD
(available at the reception desk).
